

## Teacher Materials

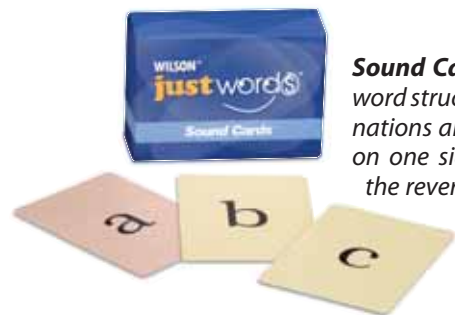

The following teacher materials are included in the kit:

The **Instructor Manual** provides detailed instruction and controlled text resources for each of the 14 units and two Bonus units.

**High Frequency Word Cards** are flashcards of high frequency and irregular words designed for reading and spelling practice. Words with irregular patterns or untaught word patterns are taught as words to be memorized.

**Sound Cards** are used to drill sounds and directly teach word structure by manipulating word parts. Sound combinations and consonant and vowel phonemes are printed on one side; keywords and pronunciation codes are on the reverse. Cards are color-coded for consonant (ivory), vowel (peach), and welded (green) sounds.

**Suffix and Syllable Frames** are dry-erasable, magnetic frames for demonstrating and practicing multisyllabic words and words with suffixes. The blank, white syllable frames are used to make multisyllabic words.

**Word Cards** include flashcards of the Demonstration Words and nonsense words for each unit, and Prefix/Root Cards. Demonstration Words are controlled and include a student-friendly definition on the back. Common prefixes and Latin roots with a definition and keyword illustration on the back are provided for flashcard review.

The unit where the word structure is introduced is indicated on the front of each card, along with the following symbols:

\*?/?\* = a nonsense word

\*?/?\* = a root; looks like a nonsense word but it is not because it has meaning

The **Student Challenge Phrase Kit** includes laminated tally sheets for each unit so the teacher can easily keep track of miscues while the student is reading phrases and stories for charting and monitoring progress.

The **Digital Timer** counts forward and backward and is used for charting, Just Start!, and Progress Check activities.

## Teacher Materials (continued)

The following teacher materials are included in the kit:

The **Reference Chart** includes 8 posters for classroom reference, assembled in a portable, desktop flip chart. Posters include:

- Basic Keywords (with illustrations)
- Welded Sounds (with illustrations)
- Mark My Words
- Vowel Sounds (with illustrations)
- R-Controlled Vowels (with illustrations)
- Vowel Teams (with illustrations)
- Spelling Options
- Syllable Types

**Membership in the Online Intervention Learning Community of Wilson Academy** provides printable materials/resources, discussion boards, demonstrations, and the Just Words InterActivities software. One-year free membership comes with purchase of the Just Words Manual and Kit.

**Just Words InterActivities** is a web-based aid for teacher preparation for sound and word structure mastery by unit. Additionally, it can be used interactively with students in class if an interactive whiteboard and internet access are available.

## Student Materials

One set of student durable and consumable materials are included in the kit:

### Durable Materials

A **Dry Erase Tablet** is used for dictation activities. **Syllable Frames** are used to build multisyllabic words with Letter Tiles.

Each student has a **Magnetic Journal with Letter Tiles** to manipulate word parts for spelling.

### Consumable Materials

The **Student Notebook** is a reference for students to use throughout the course.

A **Student Composition Book** is used for dictation activities, including sounds, words (review, nonsense, high frequency, and current), phrases, and sentences.

The **Student Challenge Book** includes student practice worksheets for each unit, including:

- Progress Check
- Practice with Current Concepts
- Phrase It – Practice Worksheets
- Phrases for Charting
- Unit Test Dictation Page

The **Quick Reference Guide** provides students with a fast, convenient reference for concepts taught and reinforced, including:

A **Blue and Red Pencil** is provided for students to graph their progress.

- Vowel Sounds (with illustrations)
- R-Controlled Vowels (with illustrations)
- Vowel Teams (with illustrations)
- Mark My Words
- Syllable Types
- Spelling Options
